

Springwood High School

Information on visits abroad

2013-2015

Following parental requests for advance notice of visits abroad, we have compiled the following based on confirmed trips for this year and projected trips for future years.

The costs are approximate based on previous similar trips and are subject to change re coach costs, entry costs etc. However they should be seen as a guide to planning and budgeting.

Parents can use the google calendar to see the dates of these visits in relation to school holidays.

Visits abroad are subject to change if we are unable to fill the places. Some visits are balloted.
