ARABLE

Terrington St Clement, Nr King's Lynn, Norfolk – ARABLE – 110789- Small family run farm producing wide variety of vegetable and cereal crop, including potatoes and sugar beet. Looking for someone to grow into the business so long term prospects are offered for the right person. Candidates must be willing to be flexible and get involved in all aspects of the business. The work will include tractor driving, stacker operating, land preparation, drilling, field and yard work, maintenance of machinery when necessary. Previous agricultural experience in this kind of environment is necessary. A driving licence would also be required.

Burwell, Cambridgeshire- ARABLE- 111381- 'This is an ideal opportunity for someone to begin a career in arable farming and contracting, to include a variety of jobs and industry recognised qualifications. The successful candidate will be working in a small team under supervision of the main partner. Responsibilities will vary according to progress and will include mainly cultivating fertiliser and spray operations on the farm and grassland work on the contracting side, which is based on the Newmarket Stud Farms'

Walpole Highway, Cambridgeshire- ARABLE – 111540 – 'A family farming business with a busy contracting enterprise is looking for an apprentice to work with the existing team of four members. Combinable crops form the main part of the work together with some sugar beet. An apprentice with some experience would be preferred and there may also be a harvest position as well'.

Newmarket, Suffolk- ARABLE- 111657- 'Working for an arable farming business covering 465ha (1150 acres) as well as additional contract work the successful candidate will learn all aspects of the Crop level 2 Apprenticeship. Duties will include tractor driving across all seasonal tasks and the maintenance of equipment when appropriate. In addition will be the maintenance of environmental land including hedges and ditches. Good future prospects with option to progress onto higher qualifications. Wage to be reviewed after three months.'

Balsham, Cambridgeshire- ARABLE- 111692- 'A control room operator apprentice required for the UK's largest farmer-owner central storage co-operative which provides seamless supply-chain integration for our farmer-members from combine to end customer, the Control Room operator will assist with the running of some of the most modern grain storage and processing facilities in the country. The ideal candidates will have an interest in agriculture or general engineering and IT, with a strong eye for detail.'

March, Cambridgeshire – ARABLE – 644 'A general farm worker is required for a 640ha modern arable farm near March in Cambridgeshire. The successful candidate will have a strong team playing ethos as they will work with three other farm workers who support one another to meet the requirements of the farming enterprises. There are also opportunities to take an active role with spraying (subject to PA1 & 2) and potato storage. A caravan is available if required.'

Holt, Norfolk – ARABLE – Ref 11 - 'A 1000 acre farming business near Holt is looking for an apprentice to support their current team. The farm is predominately arable – wheat, barley, OSR and herbage seed but they also have a 90 suckler cow herd. Work with irrigating and corn/potato carting will be a large part of the role in the first months of the apprenticeship. The ideal apprentice candidate will be able to drive tractors legally on the road and be proficient at backing up tractors and trailers. A caravan is available but it may not be practical for the winter months'.

ENGINEERING

Bury St Edmunds- ENGINEERING- 111041- 'A service and sales dealer for a wide range of garden and horticultural machinery, including the Stihl, Toro, Mountfield, Hayter and Cub Cadet brands is seeking an Engineering Apprentice. This vacancy gives a great opportunity to someone who is keen on small engined machines, who enjoys the challenge of problem solving and making things right. GENERAL

Norwich PYO, Salhouse Road, Norwich – CUSTOMER SERVICE

APPRENTICESHIP- 110850-Commercial Horticulture business consisting of PYO soft and top fruit, looking for apprentice to work in their newly established farm shop and café. This would be a Customer Service Apprenticeship, including how to run a retail unit, stock taking, managing a shop floor, assessing margins on stock and being able to look at forecasting stock in due course. No previous experience is necessary but you must have good GCSE grades, with maths being particularly

essential, along with the ability to use your own initiative and common sense. This would be an excellent opportunity to join this growing family-run business at its next exciting phase

East Harling, Norfolk – EQUINE – 110654 - 'A popular family based riding school between Thetford and Attleborough is looking for a new apprentice to add to their current friendly team. The school currently has 18 horses and ponies and teaches both children and adults and has good links with a local school which supports children with autism. It also has Pony Club affiliation and runs holiday clubs. The school has a good indoor riding school and excellent hacking on quiet roads, tracks and forest. No experience is necessary but the ideal candidate will show a caring nature towards both the horses and the clients and be a good team player. In return, there will be a focused training programme in an encouraging atmosphere. Weekend working will not be expected for the first 6 months but it will be after this time. There are no direct public transport links to the school but there is to the local village so lack of transport MAY NOT be an issue.'

Brundish, near Framlingham, Suffolk- BUTCHERY/FOOD PROCESSING- 111184 'A family farming business is looking for a person interested in butchery and food processing. Work is varied and will include pork butchery, sausages making, bacon and ham curing together with the slicing and packing of bacon and ham. The successful person will become a valuable member of a happy team and will have the opportunity to obtain work place qualifications.'

Huntingdon, Cambridgeshire-OTHER-111028 'A thatching business is looking to take on a young, hardworking apprentice to learn the old English craft of Thatching. The job would take them all over the countryside, working on listed buildings, English heritage properties and many more using their own harvested materials. They are award winning thatchers and members of the National Society of Master Thatchers and East Midlands Master Thatchers.'

Fresh Produce- Essex- 'The Colchester Regional Agricultural & Fruit Training Group (CRAFT) and EDGE apprentices are working with a number of farming businesses in the North Essex region to promote the Fresh Produce sector. A

number of these businesses will be seeking apprentices in the coming months to work on arable, vegetable, salad and fruit enterprises. We are seeking initial interest from potential apprentices who would be keen to work in this sector. We are also planning to organise a day where potential apprentices can visit at least one of the businesses and find out what is involved in this area of food production. Please contact the EDGE team to find out more'.

Norwich – BUSINESS ADMINISTRATION –110092- 'A family run business providing filter components to a range of industries includes Agriculture, Construction, Forklift Trucks, Horticultural, Industrial, Marine, Truck & Bus requires an apprentice to work with their digital marketing and social media. The business supplies their products across the UK and internationally. Their warehouse in Norfolk holds up to 5,300 different filters at any given time and they pride themselves on their fast delivery times and customer service. This is a niche business that is rapidly growing and with innovative ideas for the future. They are looking for an apprentice who will grow with the business and learn all aspects. This is a great opportunity to work with small and dedicated team in this extremely interesting and varied enterprise'.

Flordon, Norwich – FOOD INDUSTRY SKILLS- 111275 - 'An apprentice Pack House Operative is required for a busy mushroom growing business. The apprentice will carry out general warehouse duties including weighing, labelling and wrapping the mushrooms in crates ready for product release. A driving license is essential for this role as the candidate will be expected to drive to different sites and different positions on site. A forklift license would be desirable but not essential'.

Halesworth, Suffolk- BUSINESS ADMINISTRATION- 111595- 'A customer service apprentice is required for a company that provides financial services to the rural and agricultural community. The position involves general office duties, making/receiving telephone calls, talking to the customers, cross/upselling of products and administration support for colleagues. In addition there will be the requirement to handle customer insurance claims. Once suitably trained the successful candidate may visit clients in the community to promote appropriate products.'

Bury St Edmunds, Suffolk –111032- 'A Business Administration apprentice is required for an engineering company that sells and hires fleet within the following

sectors - Quarry, Topsoil, Demolition, Waste recycling, Landfill, Composition and Biomass. The suitable candidate would be expected to work at the main office supporting the office manager. Tasks will include database management, marketing and flyer design, data input, telephone call handling and email creation. The successful candidate will also be expected to manage, innovate and provide ideas and energy for social media coverage. This is a great opportunity for the right person to set out a long term career within a growing market'.

Barford, Norwich- Norfolk- GAMEKEEPING- 111709 'A busy fishery business requires an apprentice game keeper for their game farm. Duties will include helping on the farm rearing (feeding, biting, catching up, mucking out) and hatching pheasants and partridges. There may also be opportunities to assist with maintenance of the fishery and occasional cover in the tackle shop may be required. Own transport would be an advantage due to the rural locality of the business. Some weekend work may be involved. Ideal candidates will have a genuine interest in game keeping and birds and be hard working and reliable.'

Norwich- Norfolk- Stores and Premises Assistant- OTHER- 110092- 'A family run business providing filter components to a range of industries includes Agriculture, Construction, Forklift Trucks, Horticultural, Industrial, Marine, Truck & Bus requires an a stores and premises operative to support the day to day running of the premises and to control the stock of goods ensuring all customers internal and external receive goods in a timely manner and to ensure the stores is running smoothly and is a safe place to work. Main duties will include building and yard control and maintenance, keeping the tools register up to date and prepare tools for PAC testing, stock control, receiving deliveries, preparing stock for despatch, administration and sales, completing purchase orders for goods received, processing sales and telephone orders, processing online enquiries etc.

This role is varied and requires a flexible approach to work but will need excellent time management and prioritisation skills. You will enjoy working with other people and on your own. You will be self- motivated and flexible in your approach to work. You will be required to work with customers in an office environment as well as work outside in various weather conditions. On occasion the work will be dirty and require physical activity.'

Swannington, Norwich, Norfolk- BUSINESS ADMIN- 110617- 'Business admin apprentice required for a farm and butchery business. The role would be hourly paid, working in a small but very busy office, 8 until 4, Monday to Friday. Main duties would be to assist the office team with admin type roles such as invoice inputting, answering emails, helping to create reports. The ideal candidate would need a good telephone manner as another part of the job would be to take orders over the phone for the wholesale butchery business. As the candidate progresses, help with marketing and ordering for the farm shops will be required. Other small projects such as the farm's hampers would be passed on to them as they progress.'

Kelso, Scottish Borders - BUSINESS ADMINISTRATION – 111747 - 'A diverse agricultural supply business is looking for an apprentice to help with their business administration. The role will involve being a PA to the business owner, updating customer databases, overseeing the website, in-putting data, organising sales information and a range of administrative tasks. Some basic computer experience / knowledge would be preferred and an immediate start is likely. The role requires someone who is tidy and organised and prepared to be a good team player.'

Saxmundham, Suffolk - Intermediate Chef Apprenticeship –111549 – The business provides a fine dining experience to events, weddings and private parties across Suffolk, Essex, and London. The chef team is small with a large hospitality team of people to support delivery of a 5 star dining experience. The role will include delivering this 5 star service to customers and the successful candidate will learn all aspects of professional cookery to the highest standards. Weekly Wages are likely to be in the region of £280.

HORTICULTURE

Terrington St Clements, near King's Lynn – PRODUCTION HORTICULTURE – 111197- At least one apprentice is required for a busy bulb grower in West Norfolk. The business supplies to a number of supermarkets and has 500 acres of flowers and bulbs and 7 acres of glasshouses. It uses the latest English and Dutch machinery/technology, together with its own designs. All types of roles in the business from production line, to growing indoor and out, to other areas such as

quality control, the farm and recording systems. Work will be over 5 ½ days/week including the College requirement. The ideal candidate will be 18 years + and have some interest/experience in production horticulture or the wider land based sector. Tractor driving skills would be beneficial. Buses are available to the local village and accommodation may be available if required. The business has many opportunities for the right candidate, with a chance to improve and develop with the business and a very rewarding career'

Flordon, Norwich – PRODUCTION HORTICULTURE- 111275- 'An apprentice is required for a Mushroom growing position for approximately 30 hours a week to help with all aspects of the growing procedure. Due to the nature of the irrigation part of the growing process, candidates aged 19 and over would be preferable. A driving license is not essential but there will be some weekend work'.

HORTICULTURE – Holt, Norfolk- 111536 –'An apprentice is required to work as part of an Estate grounds team. The apprentice will have the opportunity to gain experience working in the formal Hall gardens where they would have the benefit of experiencing a diverse range of tasks including maintenance of lawns, hedges and beds plus glasshouse and vegetable garden work. There is also the hotel grounds and other Estate cottage gardens that the team look after, usually between tenants. The Estate is located about 2 miles north of Holt, so it is fairly isolated and there is no public transport that comes past the Estate so some form of transport would be required'.

Diss, Norfolk- HORTICULTURE – 111586- 'A busy nursery in Diss is looking for an enthusiastic person, with common sense who is willing to learn. Someone who likes to work at the nursery and look forward in moving on to selling plants from the lorry. Their job will start with growing and preparing plants. Going out one day a week with someone to sell plants to garden centres and nurseries. If you are the right person for the job and you enjoy staying with them, they will provide you with a lorry license. Your work will then be split in working a few days at the nursery and a few days on the lorry. Other duties will include maintaining and looking after plants and trees; this includes watering, potting, preparing plants to sell and deliver. Maintaining customer communication and selling plants from the lorry.

LIVESTOCK

Poringland, Norfolk- POULTRY- 110925 - 'A poultry apprentice is required to work with a small team looking after breeders. The candidate will be required to work with all aspects of the care of the birds and eggs. The work will be over 6 days a week and they must be happy to undergo training. The person must be keen to establish a career in the industry. There is no public transport near to the farm so travel arrangements need to be considered by the applicant.'

Little Melton, Norfolk (at various sites across Norfolk) x 4- PIG APPRENTICESHIP- 110920- Apprentices required for a progressive integrated pig company with sites in the area of Swaffham, Watton, Dereham, Fakenham Thetford and Attleborough. The ideal apprentices will be motivated and keen to learn about the pig production industry. They will be expected to gain experience by working on both indoor, outdoor breeding production systems and finishing units.

Additional training will be provided on top of the apprenticeship scheme and there are genuine opportunities for progression in the company. Further training programmes will be available to enable progression in the company structure after the apprenticeship is completed. We currently have a large number of staff who have benefitted from this ongoing programme.

East Somerton, near Great Yarmouth – LIVESTOCK- 111274 'Reliable and enthusiastic apprentice required for a busy Livestock Farm near Great Yarmouth, consisting of approximately 200 suckler cows, beef finishing and 700 breeding ewes and finishing lambs. Duties will include assisting with the day to day running of the farm, feeding, calving, lambing, using the telehandler and all other aspects for the care of livestock.'

Bawdeswell, Norfolk –POULTRY- 111496 'A Hatchery Worker is required for an international poultry company. The successful applicant will be responsible for supporting the incubation, hatching, processing, sexing and delivery of chicks. They will be involved in:

- All areas of chick processing
- Traying, setting and transferring eggs.

- Cleaning and sanitizing hatchers, incubators and egg rooms.

You will need to observe all the hygiene and biosecurity rules laid down by the company, including personal hygiene, hand washing and the wearing of all protective clothing.

This position is based in Bawdeswell in Norfolk but the company may consider applicants who would like to work at other sites in East Anglia. Visits to a site may also be possible if potential applicants would like to understand the nature of the position to a greater depth'.

Fakenham, Norfolk- POULTRY- 111577 'An exciting opportunity to join an award winning poultry farm has arisen. The candidate would be working alongside the farm manager to develop essential skills and knowledge for working with poultry. Possible duties include

- Daily flock checks and husbandry procedures in-line with company welfare procedures
- Complete all record cards as required by Farm Manager.
- Keep site clean and tidy.
- Assist with bird placement and de-population.
- Assist with minor farm maintenance.
- Complete all daily tasks with company biosecurity procedures.
- Communicate any problems found to the Farm Manager.
- Ensure compliance with the company Health & Safety policy.
- Ensure the correct PPE is used for tasks undertaken.
- Liaise with Farm Manager and other farm staff to ensure holidays and days off are taken at a mutually convenient time.
- Any other duties required by your Manager.

Great Ellingham, Norfolk- POULTRY- 111403 'A free range layer unit with sites in Great Ellingham and Shelfanger are seeking an apprentice. All aspects of bird health and welfare will be covered alongside collecting eggs, grading, maintenance of

accommodation and record keeping. An immediate start is available for the right candidate'

Hingham, Norfolk- GAME KEEPING- 111691- 'Game Keeping Apprentice required for a busy farm near Norwich. There are 2 commercial shoots held a week here during shooting season. This is a great chance to learn young, keen team. Other duties such as fencing and moving livestock will also need to be undertaken within this role.'

North Tuddenham, Dereham, Norfolk- POULTRY- 110118 'Poultry apprentice required for a farm in North Tuddenham. Currently they have two free range units of 17,000 birds in total. Experience in poultry is not necessary, but helpful. Training could be given via poultec, but the desire to work in the poultry industry is a must, the challenge is to rise from a simple egg packer to being responsible for all duties on both sites, welfare, performance, audits, and turn around, say within five years of the job, a new 16,000 bird multi-tier is in the planning in the next 18 months, all producing white eggs for the liquid egg market.'

Bildworth, Nottinghamshire- LIVESTOCK- 305- 'Position available for a trainee stock person on a 1200 sow outdoor unit in Bildworth, Nottinghamshire. The candidate would be expected to get involved in all aspects of breeding and farrowing.'

Thorington, Suffolk – POULTRY – 602 'A poultry apprentice is required for a modern broiler farm. This position would offer genuine training opportunities for the suitable candidate. A genuine interest in farming, particularly poultry is required'.

MIXED

The apprentice will work alongside the existing team, supporting on a variety of different tasks across the business. These will include, but not be limited to, a wide range of activities that support the everyday running and development of the business:

- Frontline customer service to potential and existing customers, both selling products and handling queries (online, on the telephone and face to face);
- Attending local food events such as farmers markets and food festivals, offering great opportunities to network with like-minded people promoting their own products, interaction with customers, and a fantastic work environment;
- Designing and developing promotional material for sales and marketing;
- Organising, managing and assisting with deliveries to customers;
- Maintaining stock records
- Packing customer orders
- Keeping the company's bespoke Wordpress ecommerce site up to date.

Requirements:

- Accuracy in tasks and high attention to detail
- Good numeracy
- Confidence when speaking to customers
- Problem-solving
- Ability to correctly measure and weigh produce
- High standard of GCSE's (grades A-C in English, Maths & ICT)
- Motivation to succeed with a can do attitude
- Ability to interact successfully/positively with suppliers, co-workers and customers working with a good sense of humour
- Punctual
- Forward-thinking and able to suggest and support new ideas/developments
- Willingness to learn

Framework: Level 3 Enterprise

Weekly wage: £122.50 Hours: 35 hours per week, includes some weekend work

General Vacancies

Newmarket, Suffolk- 'An opportunity has arisen for a reliable and trustworthy hardworking individual, within a friendly local family business based near Newmarket. Duties will include driving an HGV and other vehicles, and loading and unloading lorries of hay using a teleporter as well as manually. There will be direct contact with our customers which include Newmarket racing yards. For the right

candidate we can offer either a part or full time position, as well as training. A clean driving license is essential for this role.'

Sudbury, Suffolk – WORK EXPERIENCE –110998 -'A grain store operative is required for the harvest of 2015. This would be a wonderful opportunity to gain experience in this vital process'.

Otley, Suffolk – WORK EXPERIENCE- 111185 – 'A harvest student is required for a mixed farm with 650 acres. It has a pedigree Simmental herd (60 – 70 animals) and an arable unit (wheat, barley and OSR). The cattle are taken to sales across the UK including Stirling and Newark. A driving licence is required and some experience plus initiative would be useful'.

North Tuddenham, Dereham, Norfolk- 110118 'Makers of luxury Ice cream require an individual who would be passionate about helping to produce and market the best quality and tasting ice cream Norfolk may offer! This will involve the production of a new up market ice cream range and the production of Norfolk's first range of lollies, going onto magnum equivalents etc. This role will need basic food hygiene qualifications and would later require level 2 haccap qualifications, the person would be responsible for some of the production, potting, packaging, preparing orders, working to a very clean standard. They would also get involved with outdoor events at weekends, a clean driving licence would be useful, but not essential. Please appreciate that at present this is a seasonal business and the hours of work will be longer in the summer months compared to winter months ,after a qualifying period, a salary could be granted , in the winter months ,duties could involve building the business , meeting new customers and developing the business . Computer literacy, and the ability to work as part of a team are essential with the build of new dairy, there are plans for an educational barn, to link with the public, and schools etc, this will need the services of this person to see it run smoothly

Bungay, Suffolk – ARABLE – 111745 - 'A large arable farm near to Bungay in Suffolk with modern machinery is looking for an apprentice or a harvest student to assist their current team. Long working hours will be expected over the summer months. A driving licence and ideally some experience will be preferred'
