

A Level PE – AQA 7582

Assessment	Marks	% grade
Paper 1	105	35%
Paper 2	105	35%
Non-Exam Assessment (NEA)	90	30%

Students have completed a practice Paper 1 exam paper in exam conditions in the recent January PPEs. This consisted of questions related to the content already covered in the following sections:

Section A – Anatomy & Physiology
Section B – Skill Acquisition
Section C – Sport and Society

The paper was worth 97 marks and they had 2 hours to complete it, unless they had additional time arrangements.

The grade boundaries for this particular paper are below:

Grades		A*	A	B	C	D	E
Paper 1	Marks	61	54	48	41	33	28
	%	63	56	49	42	34	29

Please note that grade boundaries vary each year. This is because grades are allocated based on the cohort across the whole country sitting the paper and ensuring that a certain percentage is awarded to each grade.

We do not know exactly what the grade boundaries for 2025 will be.

NEA dates

Practical footage: Termly

Written AA2 Analysis First Draft: Fri 27th Sept 2024

Written AA3 Analysis First Draft: Fri 1st Nov 2024

Written AA2 Evaluation First Draft: Fri 29th Nov 2024

Written AA3 Evaluation First Draft: Fri 27th Dec 2024

Final Draft & Final Practical Footage: Fri 7th Feb 2025

Feedback sheets

Our priority is to work on students' weaker areas so that they gain the best grade possible.

Students have received and filled out diagnostic feedback sheets for their PPE. They should refer to these when revising for forthcoming assessments and when using the online platform, The EverLearner, watching the 'Start learning' tutorials and then having a go at the practice quizzes/tests and checkpoints

We use the traffic light RAG rating:

If the question topic is highlighted **green**, it means they got 100% on that question. **Amber** means that they got most of the marks. **Red** means that they need to prioritise revising that topic.

Please encourage your child to revise all areas: **green** only indicates full marks on a specific question, not necessarily that they know this topic 100%.

AQA A LEVEL PE
Paper 1: Anatomy & Physiology – Year 12 PPE1
DIAGNOSTIC FEEDBACK SHEET FOR TOPIC TEST

Name:

For each question fill in 'your score' and TICK red, amber or green accordingly

Question Number	Question Topic	Marks available	Number of marks awarded for your answer									
			0	1	2	3	4	5	6	7	8	
1	Agonist – flexion at the shoulder https://www.youtube.com/watch?v=Td8t3eeyrYc	1										
2	Expiratory Reserve Volume https://www.youtube.com/watch?v=8T-uPD81NMs	1										
3	Cardiovascular drift https://www.youtube.com/watch?v=3t8ha1dtd&list=PL9d1ma	3

TOTAL MARKS FOR QUESTION PAPER			/35 MARKS			%			Grade			

Grade	A*	A	B	C	D	E
Marks	35	29	17	15	10	5
%	100	83	49	43	29	14

How to improve your current application and attainment level for this section of the course:

What you need to do:	Tick when completed
1. Use this assessment scorecard to identify areas you need to improve on (red first, then amber)	
2. Read through the mark scheme and annotate and improve your answers in a different colour pen on your question paper with gaps in knowledge that you did not include. Start with red questions, then amber.	
3. Revise your class notes, the scheme , tutorials/tasks on identified red and amber areas, as these require improvement.	
4. Ask your teacher for additional teaching and learning resources to consolidate understanding for any topics that you are still not confident.
