

Dear Parent/Guardian,

We would like to invite you to a parents' information session regarding the forthcoming Guided Choices process that your child will use to choose their GCSE subjects.

The sessions will take place at either 5.30pm or 6.30pm on Thursday 26th March 2026, in the Peter Hopkins Hall (please enter via the main reception).

We will explain the Guided Choices process, including how the students can make their choices online, along with an overview of what the students will be doing the following day (Super Learning Day). There will also be an opportunity after the presentation to talk individually with a member of staff regarding the process, should you wish.

Students will have links shared to videos on each of the subject choices available, and so you will be able to view these in your own time over the Easter holidays. There will not be the opportunity to visit subjects or talk directly to subject teachers at the information evening. You will, however, be able to discuss subjects your child currently studies at the online parents' evening on Thursday 16th April 2026 - booking for this will be available soon. Year 9 reports will also be available from 27th March 2026 and can be viewed via the MCAS ParentApp.

The deadline for submitting your child's GCSE choices is Thursday 30th April 2026.

To register your attendance, and book your seats at one of the information sessions, please use the following link:
