

Sixth Form Hairdressing Summer Task 2020

To Produce a Health & Safety Manual or Booklet within a Hairdressing Environment.

You will need to research and include the following in your manual:

- Health and Safety at Work Act
- COSHH (correct ways to store chemicals)
- Electricity at Work Act
- RIDDOR
- Personal Protective Equipment and why it is important to use it, listing some methods of PPE as you can
- Manual handling
- Potential hazards and risks in a salon environment:
Firefighting equipment (you could present this in a table format and include:- the correct use of firefighting equipment, dangers of incorrect use of firefighting equipment on different types of fires)
- Correct disposal of salon waste
- Different sterilisation methods
- Correct dress code in the salon and why this important

- You will need to ensure that Tunics and kits are purchased ready for your first day in September. We will send you the order forms but please ensure you order the Sixth Form group one, you do not need to order these yet, we will advise you when this needs to be ordered.
- A salon placement will be required. It is a difficult time to find a placement with salons closed at present, but please make sure you have a C.V and a cover Letter ready to send out to salons to request a placement for 1 day a week. (The day needs to be confirmed in due course).
- Any problems, questions or queries please email Mrs Auker on h.auker@springwoodhighschool.co.uk
