

Component 3 Task 2

Reading Log/Planning

Your Title:

Highlight key words. (These will provide the focus for your points/comparisons)

Novel/First Text	Evidence	Play/Second Text	Evidence	Broader Critical Responses
Chapter 1 Points that relate to your title (Make sure you have a range of points, that hit the different AOs)	Supporting Quotations (make sure you consider some detailed analysis of author's methods)	Comparisons (compare <i>and</i> contrast)	Supporting Quotations (make sure you consider some detailed analysis of author's methods)	Quotations/arguments
Chapter 2 Points that relate to your title				
Chapter 3 etc				

Notes:

1. Make sure all of your points are relevant – ie they relate to the question/title you have chosen
2. Initiate table/plan from POV of novel, as this is the longer, more complex work. Relate comparisons etc to the chapter-by-chapter plan.
3. Make sure there is a 50/50 split between the two texts.
4. Final column should be where you start to build up your wider critical studies/POV/bibliography – these professional/critical views should develop and inform your personal readings.

Ensure you keep this up to date! It will be checked.

This chart will provide you with the materials you will need to quarry for your Task 2.
