

F-Ten is open before school, at break and lunchtimes for a safe space and after school for a supported homework club.

F-Ten is a support room space for SEMH and behaviour support and other interventions.

We have literacy interventions that can be accessed online in school and at home.

Listening to children read is still an important part of our provision.

Our LEGO  
Intervention supports  
social,  
communication and  
interaction skills.
