Homework- Three areas of focus

Reading- students will have access to our school library with 1000's of books to choose from.

Maths - students will have access to a variety of maths websites and will be set tasks to complete; Times Tables Rockstars and Sparx will be the two main websites they will use.

Knowledge Organisers - each term throughout Key Stage 3, students will be given a Knowledge Organiser booklet which includes the core subject knowledge they will be taught during that term. Students will be set tasks around this knowledge and tested regularly through classroom quizzes and assessments.

Reading Passport

We have created a Reading Passport to inspire students to read some of the best literature available to them. Over the course of the year, we expect students to read as many of the texts included in the passport for their year group as possible.

If students manage to read 7, or more, books from this passport by the end of the year they will receive a certificate. They can, of course, read other books and texts throughout the year and we encourage and support students' wider reading. Students can track which texts they have read using the tick boxes on the next page.

The books selected are fantastic examples of modern and classical literature, representing the best the world has to offer. Students can read these texts independently or they could listen to them on audiobook. The important thing is that they will experience a variety of genres, authors, and stories! We hope that all students will finish Year 11 having read at least 35 incredible books.

The easiest way to get hold of these books is from our school library where children can take them home to read. These texts can also be purchased from Amazon, or from many local bookstores.

Whilst every care has been taken to check the suitability of the books included in our Reading Passport, we are aware that children mature at different rates. Therefore, we strongly recommend that parents discuss their child's reading choices to ensure they are appropriate for them.

Organisation

Student Attendance

Government guidance regarding student absence from school has changed. As a result, schools require the following from parents when their child is absent:

- all absence telephone messages/emails need to be made to school by parents by 8am to allow staff time to correct registers before the start of the school day
- parents need to supply a detailed reason of why the child is absent with specific symptoms if a child is ill. We cannot accept that a child is 'ill' or 'unwell'; we need details such as high temperature/ sickness/ sore throat
- parents need to call EVERY day for absences to update school on the child's condition, not just on first day of absence

We also need to remind parents that children should not be taking holidays in term time and that any leave of absence needs to be requested by completing the form on the school website.

Meeting next Wednesday

4-45 Conference Room. Main Reception

The Springwood Parent, Teacher, Friends Association or PTFA is an excellent way to bring together parents, teachers and the local community, to raise money and help support the school.

It provides an opportunity for everyone to work together to:

- Raise funds to help the school provide resources and extra for the pupils.
- Provide support for school trips and outings and other special events.
