**Length: 1 hour 45 minutes**

**Marks available: 100 marks.**

Section A and B both have two multiple choice questions followed by a range of short and extended responses (12 marks).

### Revision sessions:

Every Thursday lunch time in F2 with Miss Fletcher. Miss Webb also leads the A\* challenge group on a Monday lunchtime. These sessions offer the opportunity to go through past exam papers and questions, look at skills such as evaluation which will secure top grades and get advice on any particular areas you know you need to focus on. These sessions are informal and student led in terms of what is covered.

### Revision resources:

The revision workbooks can still be purchased from the school for about £4. They are really useful as they link to the textbook you have been working from for the last 3 years and have lots of additional questions that you can complete to help you prepare for the real exams. Quizlet – search GCSE sociology to access interactive quizzes to support your revision.

### PPE EXAMS

The next set of PPE exams are in February and we are optimistic that the Sociology students will meet the “one step” challenge laid out by the school. Pupils will be supported in their revision in the lead up to these exams in class but should also be completing their own independent revision at home. Students can access class resources and revision materials on the Sociology google drive. Details below:
