

# Science @ Springwood

AQA Combined Science – Trilogy - 2 GCSE's 9-9 to 1-1

AQA Biology, Chemistry and Physics - 3 GCSE's 9 to 1

Focus for this term CLASSWORK  
(11HS/RME/SMN):

We will be completing the teaching of the specification by Easter. Please make sure you are working hard and concentrating in all your science lessons.

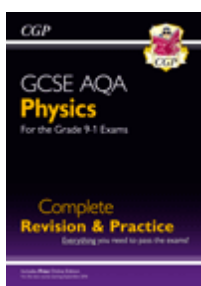

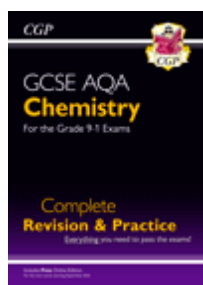

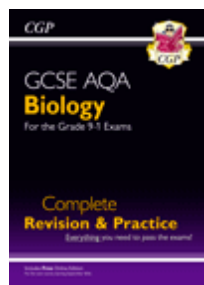

Focus for this term CLASSWORK  
(11RDV/EBR/EDE/MAK/MGD/RSS/A  
MS/LDS):

We will be reviewing and revising paper 2 content, along with plenty of exam question practise. Please make sure you are working hard and concentrating in all your science lessons.

LEARNING Physics Equations

You have a total of 21 equations to learn for physics. 13 equations to learn for paper 1 and 8 for paper 2. If aiming for a grade 4 or above these MUST be learnt.

REVISION: After school support sessions will take place every Tuesday OL6 3.30-4.30, Wednesday BL3 3.30-4.30 and Thursday OL4 3.30-4.30, please come along with any areas you are struggling to get more teacher support. Students are actively encouraged to purchase revision guides to help support independent revision at home. There are revision guides available from the school shop.

Highly recommend this book if you need extra support with the maths elements of the science course
