Thinking Sociologically

Sociologists are interested in studying a range of social problems and finding solutions to these problems. Below is a list of social problems, simply pick one you are interested in and create a poster/campaign/speech etc explaining why it is a problem and what needs to be done about it.

★ Overcrowding in prisons.
★ Ageing population.
★ Institutional racism.
★ Toxic childhood.
★ Unequal domestic division of labour.
★ Increase in University fees.

This is an opportunity to be creative and deep dive into one of the social problems we will be studying over the next 2 years

Check list: Have you included the following in your work?

★ Definition(s)
★ Statistics
★ Reasons it is a problem
★ Possible solutions
★ Any real-life examples? Newspaper stories? (A* work ethic if you can link to current affairs)
